**MARMITEK**

- Easy control: only the functions for the device selected are shown on screen
- Universal remote control for 8 devices (TVs, VCRs, CD players, satellite receivers, decoders, DVD players, audio systems and Marmitek X-10 Home Automation)
- Easy setup: Preprogrammed for nearly every brand and model
- Touchscreen can be configured to your individual needs
- Home Theatre Macro function: Set all your devices with one press of a button
- Screen lighting for use in the dark
- Supports ShowView, VideoPlus, menu control and timer access to program your VCR
- Flashing LED and sound signal (can be disabled) to acknowledge commands.
- Prepared for the future: extensive learning memory for future devices
- All Power Off: Switch off all your devices in one go

Automatic transmission of both infrared and radio frequency signals. With the optional PowerMid Receiver you can even control your appliances through walls and ceilings! Easy when you want to control your satellite receiver in the living room from the bedroom...

Create your own perfect scenery! The Marmitek Easytouch 35 is also suitable for Marmitek X-10 Home Automation appliances. You can use it to dim and switch lights and control other appliances (such as sun blinds) without getting out of your chair! For more information, visit [www.marmitek.com](http://www.marmitek.com).
